Scripps Ranch Friends of the Library

Spring 2012

**From the Branch Manager by Bob Cronk**

It's the time of year when the library begins to prepare for the upcoming Summer Reading Program, which begins June 15.

**Dream Big  
 READ!**

This year the theme is "Dream Big Read!" We are planning on having six special children's programs such as "Literature Comes to Life" as well as a couple of new acts including "Extreme Rahim." The shows will take place on several Thursday afternoons and begin at 3:00 p.m.

**OWN the NIGHT**

The Teen program, "Own the Night", will run concurrently with the children's Summer Reading Program.

We are also excited about our upcoming film program. Starting on April 18th the Scripps Ranch Friends of the Library are sponsoring feature films every third Wednesday evening. The first four evenings will feature works by the master of suspense, Alfred Hitchcock. Classics such as *Strangers on a Train* and *39 Steps* are sure to thrill.

I look forward to serving as your new Branch Manager.

## *Membership by Gail Harriss*

A big thank you to those of you who have already renewed your membership in Scripps Ranch Friends of the Library for 2012, and a huge welcome to new members as well.

Membership in the Friends of the Library is a statement of support for your neighborhood library and all that it offers you and the Scripps Ranch community. The many children's programs, the Pleasure of Your Company concert series, new additions to our collections of books, DVDs, audio books, and other library materials are possible because of the financial support of the Friends. Although a year or more may have elapsed since you last renewed your membership, we have continued to send you the *Folio* because of your past interest in the library.

If you have not yet renewed, please consider filling out the membership form and sending in your check. Our library needs and values the support of the Friends.

### **New Monthly Film Series**

Our new free monthly film series will kick off with screenings of several classic Alfred Hitchcock films. Ralph DeLauro, co-founder of Cinema Under the Stars, will introduce each film with interesting facts and juicy gossip. Following the screening, he will moderate a discussion with the audience focusing on the techniques used by filmmakers to tell their story. Ralph, who has also taught film appreciation classes through the SDSU extension and the OASIS program, says, "We would like the filmgoers to appreciate what lies behind the surface story—the construction of the film and how it was put together for emotional impact." We hope to see you at the movies!
